Slavianski Bazaar

On January 26 our community was treated to a Slavic feast and variety concert.

At the banquet visitors were greeted with the traditional bread and salt greeting and by hosts who were dressed in traditional clothes. There were display tables with beautifully painted dishes and interesting art and artifacts from countries like Russia, Ukraine, Kazakhstan and Kyrgyzstan. Immigrants who have lived in those countries were eager to share their immigration story and answer any questions that the visitors had. Marina Sawazki of New Style Catering created a mouthwatering variety of authentic Russian and Ukrainian dishes. The meal started with real Russian Borscht served with fresh bread, there was a large selection at the buffet with appetizers, salads and main courses and of course to top it off there were some delicious desserts to choose from.

More than 400 spectators were treated to a feast of musical, theatrical and dance performances by artists of all ages at the variety concert. This evening was a wonderful opportunity for new connections, for education about other cultures and for local talented people to show their talents. We say

Thank you to well over 60 volunteers who gave of their time, their resources and talents to show their culture. We thank the Heritage Concert Committee for their vision and all the hard work that was necessary to put on this great event! And we thank the community for coming to this event and helping us make it a success!
